Code Update Process

The City Council adopted the 2021 International Codes and the 2020 National Electrical Code with an effective date of Saturday, March 26, 2022. Please see the following for the plan submittal process.

If you have a current project with a substantially completed set of plans and would like for your plans to be reviewed under the 2015 I-Codes:

- Notify the Building Department by phone or email by April 15, 2022 of your current project(s).
- Notification to the Building Department by the above date will allow for a submittal of a completed set of plans by July 1, 2022 for review under the 2015 I-Codes.
- Anything submitted after July 1, 2022 will be reviewed under the newly adopted codes.
- Any plans submitted for review during the extension period must be approved, permitted, and begin construction by October 1, 2022.
- If construction has not begun by October 1, 2022, plans must be resubmitted for review under the newly adopted codes.

For further information, contact the City of Alexander City Building Department at (256) 329-6712.
