Thank you to all the employees for the storm response. This month is public power month. The Municipal Complex is going good. The roof is going on now. We are on target at 45% complete. The search for an EDA Director has been a struggle. We are utilizing a consultant firm to help us find a director. We are working with Jackson Thornton on the cost of service study for our utilities. We have a meeting scheduled with them two weeks from now. We have 2 vacancies with the Board of Education. The deadline for applications is this Friday. We are thinking about lifting the curfew next Friday. We are working on getting costs together internally and externally for FEMA concerning the storm.
