2024 AMEA SCHOLARSHIP PROGRAM IN FULL SWING

Will you be graduating from high school in the spring of 2024? Do you receive your electricity from a public power utility in Alabama? Then if your answer to these questions is “yes,” you could be eligible to receive a scholarship from the Alabama Municipal Electric Authority (AMEA) and its Member cities/utilities. AMEA and its Members will make available 44, \$2,500 scholarships (4 scholarships per Member city) in 2024.

Since 1992, AMEA has awarded over \$3.5 million in scholarship monies to graduating high school seniors who receive their electric service from AMEA Members.

To be eligible for an AMEA scholarship, a student’s parent and/or legal guardian must receive electric service from an AMEA Member utility, and the student must attend a four-year college/university, community college, and/or vocational/trade school within the state of Alabama.

Applications are currently available from school counselors in AMEA Member cities, or you can go online to the AMEA web site, www.amea.com, Scholarship. ***Application deadline is Monday, Feb. 12, 2024.***

For more information on the program, contact your school counselor or Pamela Poole, AMEA Scholarship Coordinator, (334) 387-3504, (800) 239-2632, Ext. 1110, or pam@amea.com.

AMEA, a joint action agency formed in 1981 and located in Montgomery, is the wholesale power provider for 11 public power utilities in Alabama, which serve some 350,000 customers.
