

Holiday Safety Tips

Limit your online shopping to merchants you trust. Use tracking for your packages.

Don't leave packages unattended for any length of time.

Remember to lock your doors/windows when you leave your home. If you have an alarm system or video surveillance, make sure they are activated.

While shopping, always lock valuables and packages out of sight (under seats or trunk)

While using debit cards at ATMS or debit/credit card readers, be alert of card skimmers.

Always be alert and aware of your surroundings at all times while walking.

See it...Hear it...Report it!
